

# John Dahlb, Everywhere

Daylight - beating moonlight

kindness - always better than - envy

peaceful - are you really

sleepless - we don't have to be - troubled

Changes - are you ready

happy - don't you wanna be - lucky

struggling - with the basics

waiting - for a better day - to come our way

everywhere in the world, people will be singing

and everywhere in the world, things will be a-changing

and everywhere in the world, people will be spreading laughter, kindness, love and comfort, comfort
