

John Dahlb, Nothing Is For Real

nothing is for real....
When you're close to me
it makes me feel unreal
Is this meant to be?
when you move your feet
and the body heat
makes it seem real to me
'cause you.....
you make me feel
like nothing is for real
like nothing is for real
like nothing is for real
like nothing is for real
like nothing is for real
like nothing is for real
like nothing is for real
'cause you.....
'cause you.....
make me feel
like nothing is for real
When you're on the floor
makes me want much more
let the beat go on
I can dance all night
If you're in my sight
boy you're turning me on
'cause you.....
you make me feel
like nothing is for real
like nothing is for real
like nothing is for real
like nothing is for real
like nothing is for real
like nothing is for real
like nothing is for real
like nothing is for real
