

# John Fogerty, You Came Walking

(John Fogerty/Tom Fogerty)

When you came walking down the street  
I felt my poor hart skip a beat  
Why did you say that we were through  
Why do you treat me like you do

You said you found another guy  
You never even told me why  
I thought you'd never be untrue

Why do you treat me like you do  
You said you found another guy  
You never even told me why

Why do you treat me like you do  
Why do you treat me like you do  
Why do you treat me like you do
