

# John Foxx, A Long Time

Lost again in shades of green  
Seasons changing under me  
Seems like I forgot to steer  
Close my eyes, I know it's been a long time  
Such a long time  
Silence in your silver passing  
Glinting in the bliss of laughing  
Shafts of someone slowly glancing  
Down on me, I know it's been a long time  
Look in the mirror  
Well I know it's clear  
To get me to the hollow  
Well I haven't been here for such a long time  
For such a long time  
Such a long time  
How's she been?  
The place is just the same  
??? but to me it all seems like a life time  
Such a long time  
Passing in your quiet way  
Silent in the silent day  
Moving as you move away  
Wherever you go I wish you fell  
It's been a long time  
Smiling in the hazy blaze  
As the focus starts to change  
Watch the room begin to sway  
Just beside me someone's says "It's a long time"  
Such a long time
