

John Legend, Stereo

She's a, fast love professional, crafty bold and beautiful,
Stage right, locked eyes, I swear it's magical,
Her name is Melanie, says she digs my melody
Likes how I move, thinks I'm cool that's what she says to me
Big stage, bright light, short love, long night
Frequent flies thru the skies to some stars
I come back to town, she's hangin' around
But still feels so real but it can't go too far

Her favourite colours be platinum and gold!
She only loves in stereo! she only loves in stereo!
I should know cause I've seen it before,
I think I gotta let her go, she only loves in stereo!
Ohhh ohhhhhh, ohhhh ohhh..
Ohhh ohhhhhh, ohhhh ohhh..

Turn on the video, oh my goodness there she goes
Now I'm hot, seems I'm not, the only one she knows
Name dropping everyday, I still want her anyway..
I like how she moves, think she's cool.. my favourite get away

Big stage, bright light, short love, long night
Deja vu yeh we'll do it again, off the next town,
She's onto the next round,
Let it go, we both know that its all gona end oh

Her favourite colours be platinum and gold!
She only loves in stereo! she only loves in stereo!
I should know cause ive seen it before,
I think I gotta let her go, she only loves in stereo!
Ohhh ohhhhhh, ohhhh ohhh..
Ohhh ohhhhhh, ohhhh ohhh..

Ohhh ohhhhhh, ohhhh ohhh..
Ohhh ohhhhhh, ohhhh ohhh..

She fell in love with the radio
Wasn't really me, so I had to let her go
Just ask any DJ back in her hotel
She likes to get around
As much as she gets down

Her favourite colours be platinum and gold!
She only loves in stereo! she only loves in stereo!
I should know cause I've seen it before,
I think I gotta let her go, she only loves in stereo!
Ohhh ohhhhhh, ohhhh ohhh..
She loves in stereo
Think I gotta let her
Ohhh ohhhhhh, ohhhh ohhh..
She loves in stereo
Think I gotta let her
Ohhh ohhhhhh, ohhhh ohhh..
She loves in stereo
Ohhh ohhhhhh, ohhhh ohhh..
She loves in stereo
Oh, oh oh, oh oh!
