

John Legend, Take Me Away

Oh, la la la la la
Yeah, yeah

We dance and sing
Somewhere in between heaven and hell
Gabrielle, that was her name
Everyone was smiling
Even through their tears, under a spell
But in Gabbys eyes, nothing
I ask, do you not like the music
She says its alright
But she dances to her own sad tune
She says

Take me away from here
Take me somewhere where love is like breathing
I dont care where we go
Long as Im there with you, baby
Long as Im there with you

I could tell shes been through pain I could only dream
Nightmares that live where you live
Tears well in her eyes, but she wouldnt let them fall
Id give the world to know where her smile is
I ask will you dance with me now
Let me try to figure out
The fastest rout out of town
And she said

Take me away from here
Take me somewhere where love is like breathing
I dont care where we go
Long as Im there with you, baby
Long as Im there with you

Oh, I got a full tank of gas girl
Anywhere, you wanna go girl
All you have to do is ask girl
Oh, she said

Take me away from here
Take me somewhere where love is like breathing
I dont care where we go
Long as Im there with you, baby
Long as Im there with you
