

John Mayer, Wheel (Live)

People have the right to fly
And when it gets compromised
Their hearts say "Move along"
Their minds say "Gotcha heart"
Let's move it along
Let's move it along

And airports
See it all the time
With someone's last goodbye
Blends in with someone's sigh
Cause someone's coming home
In hand a single rose

And that's the way this wheel keeps working now
That's the way this wheel keeps working now
And I won't be the last
No I won't be the last,
To love her

And you can't build a house of leaves
And live like it's an evergreen
It's just a season thing
It's just this thing that seasons do

And that's the way this wheel keeps working now
That's the way this wheel keeps working now
And you won't be the first
No you won't be the first
To love me

You can find me, if you ever want to give
I'll be around the bend
I'll be around the bend
I'll be around,
I'll be around
And if you never stop when you wave goodbye
You just might find if you give it time
You will wave hello again
You just might wave hello again

And that's the way this wheel keeps working now
That's the way this wheel keeps working now

You can't love too much, one part of it (repeat then fade)

I believe that my life's gonna see
The love I give
Return to me
I believe that my life's gonna see
The love I give
Return to me
I believe that my life's gonna see
The love I give
Return to me (repeat 1x)
