

John Newman, Never Give It Up

[Chorus]

I wanna love you, but it just don't feel right
I really need it, but I can't stay the night
Cause you, oh, you never give it up
You, oh, you never give it up, aah

[Verse 1]

You say you'd wait for me, wait for me
Wait 'til I got home
Sit me on the sofa but the television on
Then show me what, show me what
Show me what to need
But the lover in your paper feels a different man to me

[Pre-Chorus]

I don't feel that, babe
I don't feel that, babe
I don't feel that, babe

[Chorus]

I wanna love you, but it just don't feel right
I really need it, but I can't stay the night
Cause you, oh, you never give it up
You, oh, you never give it up (oh because)
I wanna love you, but it just don't feel right
I really need it, but I can't stay the night
Cause you, oh, you never give it up (oh because)
You, oh, you never give it up, aah

[Verse 2]

You keep on calling me, calling me
Calling me for hope
To be honest, every time you call, I'm busy, I can't talk
You're saying it, saying it
Saying it, alright
If I could pick up you finally give it up tonight

[Pre-Chorus]

I don't feel that, babe
I don't feel that, babe
I don't feel that, babe

[Chorus]

I wanna love you, but it just don't feel right
I really need it, but I can't stay the night
Cause you, oh, you never give it up
You, oh, you never give it up (oh because)
I wanna love you, but it just don't feel right
I really need it, but I can't stay the night
Cause you, oh, you never give it up (oh because)
You, oh, you never give it up, aah
I wanna love you, but it just don't feel right
(It just don't feel right)
I really need it, but I can't stay the night
(Can't stay the night)
Cause you, oh, you never give it up
You, oh, you never give it up (oh because)
I wanna love you, but it just don't feel right
(It just don't feel right)
I really need it, but I can't stay the night
Cause you, oh, you never give it up
(Never give it up)
You, oh, you never give it up, aah
