

John West, Nobody

It's your lips, your kiss, your touch
The feeling of your body
Girls it's so amazin
The scent of your hair
I love the way you smell, it's amazin
Girl you're so amazin
They'll never understand, it almost drives me crazy baby
I'm gon be a man
And gonna tell the truth about it

Nobody love me like you do /3x
Nobody love me like, nobody love me like you do
Nobody, nobody, nobody love me like you do baby
Nobody, nobody, nobody love me like you do

It's your moan, your sigh, I'm high
When I'm in your body, girl it's so amazin
You swear I feel so real
I just can't describe it, girl you're so amazin
But they'll never understand
It almost drives me crazy baby
I'm gon be a man
And gonna tell the truth about it

Nobody love me like you do /3x
Nobody love me like, nobody love me like you do
Nobody, nobody, nobody love me like you do baby
Nobody, nobody, nobody love me like you do

You could have the money
You could have the cars
You could have the crib
You could have it all
Cause to me, it means nothing, nothing without you
All I need is your loving
Everything else means nothing, nothing, nothing
Cuz

Nobody love me like you do /3x
Nobody love me like, nobody love me like you do
Nobody, nobody, nobody love me like you do baby
I said nobody, nobody, nobody love me like you do
I said nobody, nobody, body love me like you do /2x
