

# JOHNNY MARR, EASY MONEY

I used to want it all  
And that's money money  
That's money money  
That's money money  
Watching human fall  
And that's only money  
That's money money  
That's money money  
That's no way to serve  
No way to serve  
No way to serve nobody  
There's no benefit  
There is no benefit  
No way to benefit somebody  
That's not any sense  
No innocence  
No way no way they sex, no way no  
That's no way to serve  
That ain't no way to serve  
Working for it all  
But it's money money  
It's money money  
It's money money  
Watching human fall  
But it's only money  
That's money money  
That's money money  
You can walk the street  
And it's money money  
It's money money  
It's money money  
Catch the fantasy  
Cause it's money money  
That's money money  
That's money money  
No checks, no loan, no rent to pay  
It's gone today  
How to accumulate  
There's not any sense  
There is no innocence  
There is money commerce no baby  
It's all an expense  
The way the pans are set  
The way the weather burned nobody  
It's just all expense  
No way the world accepts  
There is no innocence, no baby  
That's no way to hurt  
That ain't no way, no sir  
Catch a fantasy  
Cause it's money money  
That's money money  
That's money money  
Catch her and degree  
And that's money money  
That's money money  
That's money money  
Working for it all  
But it's only money  
That's money money  
That's money money  
Watching how we fall  
Cause that's easy money  
That's easy money

That's easy money  
No spend no sum no lays no claims  
And there's no pain to play  
No free fortune so let's just slave  
No rainy day better come this way  
Working for it all  
But it's money money  
That's money money  
That's money money  
Watching human fall  
And that's only money  
That's easy money  
That's easy money  
C'mon come buy the tea  
And it's money money  
That's money money  
Catch a fantasy  
'Cause it's money money  
That's easy money  
That's easy money
