

# JOHNNY MARR, The Answer

You want the answer to everything, now you are all mine

You ran away  
Vanished and then  
Put your mamma  
In them lows

Don't you look back  
Take your faith back

Try again  
And fail again  
Get your moment  
In the sun

Don't you go back  
Take the faith back

Thought you got it this time  
No, I don't need love

Got the answers this time  
Until tomorrow

Just came round to kill time  
Thought I'd watch the show

Got the answers this time  
Until tomorrow

I told you mamma  
I'm outta here again  
All set to begin  
I am gone

Won't you come back  
Take your faith back

Don't you look back  
Take the faith back  
Got the answers this time  
Until tomorrow

I am the answer to everything, now you are all mine
