

Johnny O'Keefe, The Sun's Gonna Shine Tomorrow

The sun's gonna shine tomorrow, the sun's gonna come out bright
There ain't gonna be no sorrow when I see the morning light
'Cause we're gonna be toge-e-ether, that's the way it's
The sun's gonna shine tomorrow, just you wait and see

For we (for we), are in lo-o-ove (in love)
In love it's gonna be-ee-ee
Shining (shining) abo-ove (above)
For you, and for me

Let me tell ya now
The sun's gonna shine tomorrow, there ain't gonna be no rain
There ain't gonna be no trouble, there ain't gonna be no pain
'Cause we're gonna be toge-e-ether day after day-ay-ay
The sun's gonna shine tomorrow, and it ain't gonna go away

For we (for we), are in lo-o-ove (in love)
In love it's gonna be-ee-ee
Shining (shining) abo-ove (above)
For you, and for me

All together now
The sun's gonna shine tomorrow, there ain't gonna be no rain
There ain't gonna be no trouble, there ain't gonna be no pain
'Cause we're gonna be toge-e-ether, day after day-ay-ay
The sun's gonna shine tomorrow, and it ain't gonna go away

Come on now
The sun's gonna shine tomorrow, and it ain't gonna go away
(Hey! hey!) Alright now
The sun's gonna shine tomorrow, and it ain't gonna go away
(Way! hey!) One more time now
The sun's gonna shine tomorrow, and it ain't gonna go away
(Hey! Hey!)
