

JoJo Siwa, BOOMERANG

I don't really care about what they say
I'mma come back like a boomerang

won't let the haters get their way
I'mma come back like a boomerang

I'mma come back like a boomerang
I'mma, I'mma come back like a boomerang

they can keep talking
but I'mma keep walking my walk
and I won't hear a sound
they're just trying to see
if they can get the best of me
well, not this time around

stuck the phone like you're alone
hide behind the screen
cause they're just so mean
but we don't play like that
we don't even fight back
