JoJo Siwa, BOOMERANG

I don't really care about what they say I'mma come back like a boomerang

won't let the haters get their way I'mma come back like a boomerang

I'mma come back like a boomerang I'mma, I'mma come back like a boomerang

they can keep talking but I'mma keep walking my walk and I won't hear a sound they're just trying to see if they can get the best of me well, not this time around

stuck the phone like you're alone hide behind the screen cause they're just so mean but we don't play like that we don't even fight back
