

# Jon Anderson, And When The Night Comes

The woman in your soul  
Creates the man you hold

And when the night comes  
When you relax with me  
I'll take you in my arms  
I'll make you dream

So just remember this  
A kiss is just a kiss  
A smile is just a smile, with you

Come to me, say you will  
And like the storm I can help you heal  
You must believe you hold, the key  
Come to me say you will  
You are divine, your body holds me, high  
You can't imagine, kiss and we love  
(Just you) I want you always  
(Just you) I want you always  
(Just you) I want you always  
I want you always  
I want you always  
I want you always

(A woman needs to love)  
(A woman needs to love)  
(A woman needs, to feel alive)

(A woman needs her sex)  
(A woman needs her sex)  
(A woman needs)
