

# Jon Bon Jovi, Always Run To You

The clock strikes ten  
Out on the streets again  
I been looking for something to please me since I don't know when  
Out on the dark side of town  
Another rumbles gone down  
And life on the high side isn't what this boys about  
She's got something I want man, it's something I need  
It takes more than the night to satisfy me...  
I stand accused  
That I can always run to you  
Any road that you choose  
I can always run to you  
I stand accused  
I can always run to you  
I run to you  
Baby, I can always run  
To a heart of chrome  
And a soul of steel  
We've done more white lines than you'll know any one we could steal  
And when I give her the gun  
You know she feels so right  
And we don't let go when we're alone when I'm holding her so tight.  
She's got something I want man, it's something I need  
It takes more than the night to satisfy me.  
I stand accused  
I can always run to you  
Any road that you choose  
I can always run to you  
I stand accused  
I can always run to you  
I run to you  
Baby, I can always run  
And when the morning comes and I go to sleep  
When I close my eyes she's waiting for me  
I know that tonight she'll satisfy me.  
I stand accused  
I can always run to you  
Any road that you choose  
I can always run to you  
I stand accused  
I can always run to you  
I run to you  
Baby, I can always run
