

# Jon Secada, The Christmas Gift I Want

It's the thought that matters most of all  
So this year please give me something simple and small  
Wrap the lace and bows around your heart  
'Cause you're the only Christmas gift I want

You and me  
That's my dream  
'Cause you don't mean something to me  
You mean it all

Just one wish is on my list  
That you'll be my love  
'Cause you're the only Christmas gift I want

You and me  
That's my dream  
'Cause you don't mean something to me  
You mean it all

Wrap the lace and bows around your heart  
Let the Yuletide angels sing  
Let the church bells ring  
'Cause you're the only Christmas gift I want
