Let's go out and be wild
Do it while we can
Running free in the World
We got all, what we can

Tear it up, tear it down
Gettin' lost in the sound of our hearts beatin'
Take me here, take me now
Gettin' lost in a crowd with you

Hold my hand and keep me close
I'll never let you go
No not tonight
Keep me by your side
Keep me by your side
Keep me by your

When you're next to me

Tear it up, tear it down
Gettin' lost in the sound of our hearts beatin'
Take me here, take me now
Gettin' lost in a crowd with you

Up, all night
I waited for you all my life
Hold my hand and keep me close
I'll never let you go
No not tonight
Keep me by your side
Keep me by your side
Keep me by your
