

# Jonas Blue, Nina Nesbitt, Desperate

if there's a body  
that I haven't loved yet  
it's yours  
it's yours

if there's a presence  
that I haven't touched yet  
it's yours  
it's yours

you standing so close  
I feel your greatness

all this tension  
it makes me anxious  
cause if there's a body  
that I haven't loved yet  
it's yours  
it's yours

give me a sigh  
that you feel it too  
baby, cross the line  
I need to know  
am I making this up?  
say it isn't so  
cause I am so desperate for you  
I can taste your skin on my tongue  
cause I am so desperate for you  
no I can't be the only one
