

Jonas Brothers, American Dragon Theme Song

He's cool, he's hot
Like a frozen sun
He's young and fast
He's the chosen one
People we're not bragging
(hey hey)
He's the American dragon

He's gonna stop his enemies
With his dragon tail
Dragon teeth, dragon tail
Burning dragon fire
A real live wire

American dragon
(hey hey)
American dragon
He's the American dragon

His skills are getting faster
With Grandpa, the master
It's destiny
What's up G
It's showtime baby
For the legacy

American dragon
(hey hey)
American dragon
American dragon
(hey hey)
American dragon
