

Jonas Brothers, Hey Baby

Darling, when i
say i, would never leave you
seems like you always say
i don't believe you,
i know it's hard to take it,
too hard after all this time,
But it's time to start, cause...
I know you think i,
take it all for granted
thats how you lose me now,
how i planned it,
i can't make up our worlds the same,
but it's not what's to go all in my head...
I'm serious,
Yeah baby,
Just serious,
Cause i never I've never been like this before,
and I'm not joking anymore...
Now I'm serious,
Yeah baby,
Just serious,
And you've got to take me at my word
Forget what you heard
Cause...
this time all i really wanted to say,
is it me you wanted to see ...
seehhehe,ehhhehe,ehhhehe,naehhehe
Darling, when i
say i don't want to loose you,
seems like you think i just want to amuse you,
i know it's hard to change a man,
after all the times i was way out of line
and baby, you think i know if being weird,
baby you feel it rush,
I've never seen it,
i can make up for days gone bad,
but i got to get it one more time...
I'm serious,
Yeah baby,
Just serious,
Cause I've never felt like this before,
and I'm not joking anymore...
And you've got to take me at my word,
Forget what you've heard,
Cause this time...
All i really wanted to say,
is it me you wanted to see...
seehhehe,ehhhehe,ehhhehe,naehhehe,
ehhhehe,ehhhehe,ehhheheehh,naehhehe
