

# Jonas Brothers, Let Me Down

I saw you there, you walked away.  
There was nothing I could say.  
You call me just to say you're mad at me.  
Baby, Baby, can't you see?  
That the truth is I did nothing wrong..  
Why can't we just get along?  
I want to make this simple,  
But you're just too complex.  
We'd make-up and then I'd ask.. what's next?

Chorus:

Baby, Sweetie, Honey, you let me down!  
Baby, Sweetie, Honey, you let me down!  
I didn't wanna knock you to the ground.  
But girl, you let me down.

My friends would say..  
what are you doing after school?  
I'd say, let's hang out.  
But remembered.. Baby, you make all the rules!  
You've tried to change everything about me.  
Baby, why can't you just see?  
You knocked me down!  
You let me down!

{Repeat Chorus}

Girl, I know I wasn't the best for you.  
But did I deserve all you put me through?  
I tried and you said, that's not good enough.  
Sometimes, girl, you can be a little rough.

{Repeat chorus 2x}
