

Jonas Brothers, Look away

Oh, were breakin up
It's so easy
Now, we're making faces
Just to get back together
Oh, when the color turns to grey
When the color fade away
We just get over it
And start again
[Chorus]
Oh, when we fight we look away
What's in our mind baby?
Why, do you have to look away?
Yeah us, we're the one who's different
We're the one who's meant to be
But why, do you need to look away?
Look away, baby why?
Oh, my intensions breaking down
Its so hard to believe it
I say now, were letting lies
Make up our mind
Oh, tell me what is in to you
Tell me what are you hiding
Lets just get over it
And start again
[Chorus]
Look away
When the color turns to grey
When color fade away
Tell me what is in to you
Tell me what are you hiding
We look away
[Chorus 2x]
