

# Jonas Brothers, Right Next To You

I want to be right next to you  
With all the obstacles I go through  
I'd want to stay  
And never walk away  
I'll be right next to you  
For all of the things we do  
We'll never be apart  
Cuz this is the start  
We'd pretend to fly  
With our wings up high  
We'll be together  
Whether  
You'll Never  
Run away...  
I can't stop my heart from lovin' you  
I hope you feel that way, too  
You'll be my valentine  
Cuz you'll always be mine...  
mine.....  
I'll be right next to you  
For all of the things we do  
We'll never be apart  
Cuz this is the start  
We'd pretend to fly  
With our wings up high  
We'll be together  
Whether  
You'll Never  
Run away  
AWAY.....  
I'll be right next to you  
For all the things we do  
We'll never be apart  
Cuz this is the start  
We'd pretend to fly  
With our wings up high  
We be together  
Whether  
You'll never  
Run away.....
