

José González, Step Outside

Step outside, Step outside
Step outside ,Step outside

Heart's on fire, leave it all behind you
Dark as night, let the lightning guide you

Step outside, gonna step outside,
I'm gonna step out
Heart's on fire, leaving all behind you

Living life feeding appetites
Stake through every heart stop in the mood
Being glad, breathing half the time

Heart's on fire, leaving all behind you
Dark as night, let the lightning guide you

Step outside, gonna step outside,
I'm gonna step out

Broke tooth one day, something's not the same
Blank head, 'cuz I sweep the floor
Feel your presence in your absence, shut the door

Heart's on fire, leaving all behind you
Dark as night, let the lightning guide you

Step outside outside
