

# Joy Electric, I'm Your Boy

Get a, get a good thing boy  
You'll never change when you get old  
Get a good thing  
Hold it close to your heart  
We are, we are young and few  
We live by the old fashioned rules  
Faithful to the one and only true Son

My heart is willing  
For your love to fill me  
Though at times I'm guilty  
I'm your boy  
When all else denies you  
I'm your boy  
When the world declines you  
I'm your boy

Get a new electric car  
The joy electric disco palace  
Opens when the moon is out in full bloom  
Have a friend who never ends  
The love He once for all began  
So jump for joy  
The party's for the poor boys
