

# JS, Don't Turn Away (Interlude)

Woman: Baby wait.

Man: Naw, it's cool.

Woman: Please don't take another step.

Man: I'll be out of here in a second. It's cool. It's alright.

Woman: You know you don't wanna leave.

Man: Of course I wanna leave.

Woman: I need you.

Man: You don't need me.

Woman: Look I know I said some things and you said some things. But don't walk away from me.

Man: Tell me why you need me. Tell me why you need me. Why?

Woman: We can work this out baby. I'm willing to try. Are you? I love you.

Man: Come and show me.
