

# Judas Priest, Cold Blooded

I have no face  
I have no mind  
I have no senses left  
You see I'm blind  
I feel no faith  
I hear no truth  
The reasonings I have  
Have all come loose

There is no way  
I have no voice  
I have no say  
I have no choice

I feel no pain or sympathy  
It's just cold blood  
that runs through me

I lay here numb  
My conscience clear  
And all the decency  
Transfused to fear  
I feel no faith  
I hear no truth  
The reasonings I have  
Have outcome loose

There is no way  
I have no voice  
I have no say  
I have no choice  
I feel no pain or sympathy  
It's just cold blood  
that runs through me

You took my life and all I live for  
I'm left for dead  
Cold blooded and in hell

There is no way  
I have no voice  
I have no say  
I have no choice  
I feel no pain or sympathy  
It's just cold blood  
that runs through me
