

# Judas Priest, Escape From Reality

Judas Priest prezentuje utwór "Escape From Reality" z płyty Invincible Shield" (premiera 8 marca 2014)

Some days I feel inside that all is lost  
I'm in a maze and can't return  
Or wake at any cost  
I can't explain it when the good turned bad  
In free-fall feeling nothing from the emptiness I had

Agony escape from reality brings you down

If i could turn back time I would return  
Back to the place and memories I left to crash and burn  
What felt right back then I could never see  
The foolish ways of my mistakes would come back haunting me

Agony escape from reality brings you down

Get lost in a psychedelic haze  
Levitating to a place that will amaze  
Trance-sending in a void of time and space  
Hallucinations from another worldly place

Still I'm prepared to bring it all to bear  
Put out my hand to anyone to take what I'll repair

Agony escape from reality
