Judas Priest, Future of mankind

The final quatrain sealed This one reveals my fate And so my friends farewell I can no longer wait My prophecies remain They live when I am gone The wisdom of the wise Eternally endure My legacy survives So you can rest assured The secret treasures here Make of them what you will I see you I feel you I hear you As my life evolves These visions of the world Created in my mind I made them all begin The future of mankind Reveals what must be done To manifest through time I'll cross the Rubicon Into infinity My quest has now been won I've found my destiny The darkness brings me home Rewarding me with peace I see you I feel you I hear you As my life evolves These visions of the world Created in my mind I made them all begin The future of mankind Reveals what must be done To manifest through time Now everything shall pass We all know that it must For nothing ever lasts We all return to dust I beg you not to mourn As I will never die I see you I feel you I hear you As my life evolves These visions of the world Created in my mind I made them all begin The future of mankind Reveals what must be done To manifest through time Je suis au bout de ma vie Ma tache est finie Je passe de ce monde a un autre Mes premonitions survivront Prenez garde a mes paroles Par ce qu'elles adviendront Le patrimoine que j'ai laisse
