

# Judas Priest, March of the Damned

We're walking the streets  
We know what we needs  
They can stop us  
They don't know why  
They try  
Get to us  
You'll never die  
We're on the march of the Damned  
Of the Damned  
March of the Damned

We know what ?  
Want take your mistake  
Can break us  
We never fall  
That so  
It's over  
Just watch us grow  
We're on the march of the Damned  
Of the Damned  
March of the Damned
