

Juice WRLD, Run

realize your dark side collides inside
you run as fast as you can
but you can't hide
realize your dark side collides inside
you run as fast as you can

and it's so dark and ... control
nobody knows
and it's so dark and ... control
don't anyone know /2x

money is happiness, cap
bitches got faithfulness, cap
and drugs only make it worse, cap

take a perc, than i take me a cap
take a sip of the same so I cook and relax
bitch, I am ready for some war when the demons attack
hell yeah, believe that

one to the flesh
don't fuckin' hesitate
high as heaven gates
ain't no comin' down, comin' down
one to the flesh
don't fuckin' hesitate
high as heaven gates
bitch I'm high as heaven gates
ain't no comin' down, comin' down
bitch I'm high as heaven gates
ain't no comin' down, comin' down
bitch I'm high as heaven gates
ain't no comin' down, comin' down

realize your dark side collides inside
you run as fast as you can
but you can't hide
realize your dark side collides inside
you run as fast as you can
