

# Juice WRLD, The Light

Forever is a long, long time from tonight (Oh)

When it's dark outside, you're always the light (Oh yeah)  
This heart of mine was once cold as the ice (Oh, oh)  
The more I try, the more I open my mind, for you  
To find, the demons hidin' deep inside

Shit, I owe fines, the devil say I owe him for life  
But I could feel it, I got God on my side  
Remember when He sent you to me that night  
Had to cuff you up, like a cop on a heist  
Cupid is the judge, so I must testify  
I won't move or budge, I'll stand by you for life  
All my life, when you die is when I die  
I sometimes wonder why  
We argue and fight  
And quickly make things right  
It's probably 'cause we gotta grow more over time  
Wouldn't be real love without rough nights  
Can't feel these drugs, but I feel your eyes  
When you look at mine, things feel alright

When it's dark outside, you're always the light (Oh yeah)  
This heart of mine was once cold as the ice (Oh, oh)  
The more I try, the more I open my mind, for you  
To find, the demons hidin' deep inside

Been through it, I don't really wanna get into it  
Throwin' out your heart to break mine, so I won't do it  
Also, baby, you're my lifeline, you're an influence  
All the times you was mad, I was over under the influence  
I feel sorry for the people that don't get it  
It's really rare that you feel the real love feelin'  
Some people get hurt and never love again  
Some people get hurt and give the drugs a binge  
Some people get dressed and go and hit the club to mend  
There's no love in one-night stands, but you can play pretend  
And me, I'ma admit it  
All of these hoes one thing, that's pretentious  
And if I know one thing, then I know this  
It's us forever, worse or better, no discussion, that's how I'm comin'

When it's dark outside, you're always the light (Oh yeah)  
This heart of mine was once cold as the ice (Oh, oh)  
The more I try, the more I open my mind, for you  
To find, the demons hidin' deep inside
