

Juicy J and Wiz Khalifa, Da Power

Man you niggas don't know how long I've been grindin' bruh
Yeah mane, real shit real spit

I'ma give it to you, how you want it
In the jungle getting money
Smoking L's by the 100
We got blow, we got molly
We got blood on the money, dedicated to the money
Killing niggas for the money, the power and the money
I went from the bando to the island with the money
In the room, bag it up, for 4 hours with the money
I go bang, bang, bang, bang, for the power and the money
All these 0's in my check, the bank keep piling up my money

You need money for these whores, you need money for these wars
You ain't getting money then you ain't a man, you a boy
Spent 100 on my toys, spent 100 on my tour
I just cashed out on a 100, bout to make 100 more
Want no problems with a G, nigga I fuck yo bitch for free
Got her busting wide open, got her rolling up my weed
Brought her best friend in, got 2 bitches all on me
Then get back to the Backwoods stuffed with plenty of OG
Been in this shit and I've been an OG
All my niggas make it up out of the streets
Most of these niggas ain't been in the streets
Can't let a bitch take advantage of me
She came in with you but she wanna fuck me
2 shots of my liquor, she leaving with me
Feeling like 2, I may leave here with 3
I blew so much money, I feel like Big Meech

I'ma give it to you, how you want it
In the jungle getting money
Smoking L's by the 100

Why you keep them G's around like that?
Why you treat them niggas like some clowns like that?
We ain't do it he got found like that
Fuck around and catch 100 rounds like that
I'ma drive my Porsche today nigga just because
I go wild and get this paper nigga just because
Stay away from you fuck niggas, ain't no love
Get your money, what you waiting for?

The bitches get wilder and wilder
All of my niggas so violent

I'm lovin' the view but it's time to bust moves, so I might just hop in the coupe
Watch what you say to me? Watch what you do to me cause my young nigga might shoot
Bitch you know I got the juice, why you think they call me Juice
500 dollar shots, you might wanna mix it with juice
In the Rolls or the Benz, bankroll full of bands
Fuck some girls and her friends, tryna do this shit again
Yeah it's blood on the money, we got love for the money
But I ain't got nothing but slugs for a nigga tryna take something from me
It's all about money and power, fuck on yo bitch for an hour
Then nut in her mouth and then kick the bitch out
Before she can even take a shower

I'ma give it to you, how you want it
