

Juicy J and Wiz Khalifa, Luxury Flow

1 AM, stone as night
Still blessed to have you here with me
Real shit, so I'm still kicking it

I do it better than most of these guys
Getting money is the joke to these guys
When you get my type of money, you don't notice them guys
Stay focused on the money or be broke when you die
Niggas know not to be stepping on my situation
You know the type is where I'm head it
I throw money like I fade it
Hate the struggle, hate the grind at my nigga basement
Used to hate it on the nigga, but your figure's never me
Real tall, I can quit
Also till I die I'm still getting higher than an elevator
Bye bitch, I'm everywhere where cash is
You ain't getting no aces
You're a liability to loyalty, now back that
Try to get you niggas game, you had to make a check
But you won't survive if you get me like your last connect

Luxury flows, I've got luxury flows
Throw it in my grip, that's a luxury role
Luxury flows, I've got luxury hoes
Luxury flows, I've got luxury clothes
Gucci's on my ass, nine hunded for them hoe
Luxury flows, this the luxury flow
Luxury flows, I've got luxury hoes
Luxury flows, this the luxury flow

I'm a Romeo, throw me up a jail and I'm a face it
Always been real, never had to fake it
If I call rapper meter she would take it
All up in her crib, I don't care bout who she digging
And I'm on the ...
White people stare when I walk up to the plane
I got Gs, I got Doh's
I've got keys to the Rolls
I got cake by the O

Luxury flows, I've got luxury flows
Throw it in my grip, that's a luxury role
Luxury flows, I've got luxury hoes
Luxury flows, I've got luxury clothes
Gucci's on my ass, nine hunded for them hoe
Luxury flows, this the luxury flow
