

# Julia Marcell, I Wanna Get On Fire

Start the car and lock the door  
You want more but you're not sure  
Oh, I  
I wanna get on fire

Is that all there is my friend?  
Sunsets get me down again  
I'm tired  
I wanna get on fire

When I die west coast I'll see the most  
If I die of thirst I'll be the cursed  
If I die too late I'll miss my fate  
So drive, now

Letters in the kitchen sink  
Stars are drowning in my drink  
We're wired  
I wanna get on fire

I remember what you said  
I'm forgetting fun I've had  
No I  
Just wanna get on fire

When I die west coast I'll see the most  
If I die of thirst I'll be the cursed  
If I die too late I'll miss my fate  
So drive
