

# Julia Marcell, Piggy Blonde

I've take  
Use to finest  
that piece of me  
You are just a mojo  
Without big intendant  
It will take all your jazz  
But you don't know  
What's best for you  
So..

How to feeds your big heart  
That was march  
Since you've got no space for us  
..

You got this..

..  
What's this color of your hair?  
Piggy Blonde  
Piggy Blonde  
You no piggy  
You no blonde  
Run run us fast as you can  
It was..  
To get you sorry  
And run run run run

Hey there piggy  
WhaTs the deal?  
Whishing you disrepair  
There's stop now  
What you do  
When ... really got you well

Remember when you got you end  
And camouflage  
And rains you piggy blonde  
Everyone could seen  
Don't you try to make you fool that thinking  
From sink
