

# Julian Lennon, Freedom

I... can see, the love in me  
And I... can tell, I love your spell

I know that, your love is freedom  
If you let it go, there's only memories left to show, or don't you know  
You blessed me, you gave me freedom  
If you let it go, we only reap in what we sow, or don't you know

I... can tell, you wear it well  
And I... can see, your love for me

I know that, your love is freedom  
If you let it go, there's only memories left to show, or don't you know  
You blessed me, you gave me freedom  
If you let it go, we only reap in what we sow, or don't you know

Freedom  
Freedom  
Freedom  
Freedom....
