

Julien-K, Someday Soon

You could fall out of place
Out of line
I hope you do
I hope you could shine
Be something true
With your fucked-up hair
And your disco stare
Yeah, you're playing it cool
So come on
If you mean what you say
I can play the same game
I can't wait

Someday
Someday soon you'll fall
Someday
Someday
Someday soon

You should find a place
You can hide
I hope you do
I can see through the lie
The lie that's you
Your life is about control and you know
It explains all the things that you do
If you mean what you say
I can play the same game
I can't wait

Someday
Someday soon you'll fall
Someday
Someday
Someday soon

Someday you'll be something true
Something true

Couldn't be what you want
So you settle for
Something predictable
Couldn't see who you were
So you want me more
So unpredictable

Someday
Someday soon you'll fall
Someday
Someday
Someday soon
