## Jump5, Love Ya Too Much

I couldn't sleep tonight 'Cause you were on my mind We've been friends so long I treated you wrong, that's not right I said some crazy things Words I did not mean Can I take back the lies Can I apologize [Chorus] I love ya too much I love ya just the way you are And I love ya too much To ever let you down And I love ya too much You know I wanna wrap my heart around you Love ya too much To ever let you go I want you to know I've had good friends before But none have loved me more I can't remember who was ever as true as you are I get emotional 'Cause I'm an ocean full Of dreams that we can share and hope to get us there [Chorus] On and on and on Together we go on So far now from where we belong We won't slow down, won't stop now Givin' up won't do Take a chance on me I'll take my chances on you

[Chorus]
