

# Jump5, When I Say Your Name

The way You love me  
It's been changing me  
And now I know You are all I need  
You're everything that's right  
Here in my life  
[Chorus]  
When I say Your name  
You know my heart feels lighter  
No matter what I'm going through  
When I say Your name  
You know the world gets brighter  
That's what Your love can do  
With all I have  
My heart, my soul, my mind  
I'll love You back until the end of time  
Now and forevermore  
I will be Yours  
[Chorus]  
Oh, You opened up my heart  
And I walked right in  
Yeah  
[Chorus]
