

Justin Bieber, Alone

We were inseparable
Everything I had to do I did it next to you
And the memories we made were so incredible
Then our love was interrupted by my schedule
There was nothing that I could do
Cause you fell into the deepest depression baby
And I hate to know I'm responsible
And your heart filled up with so much aggression baby
You got used to

[Hook]

Being alone, alone
You adapted, now your use to
Being alone, all alone
Ooo you got used too being on your own

[Verse 2]

I saw it happenin'
But I didn't accept the truth, I couldn't fathom it
There was so much going on you couldn't handle it
Could have divided my time, I should have fractioned it
But there was nothing that I could do
Cause you fell into the deepest depression baby
And I hate to know I'm responsible
And your heart filled up with so much aggression baby
You got used to

[Hook]

Being alone, alone, (All alone)
You adapted (You adapted), now your use to
Being alone, all alone (didn't mean to leave you lonely girl)
Ooo you got used too being (Used to) on your own, (All on your own)
