

# Justin Bieber, Attention (feat. Omah Lay)

Lately I've been losing my mind  
Certain things I can't find  
In the Middle of the night  
I'm still up I'm still trying to decide

Should I drink up  
Smoke up  
I need some  
freedom  
Freedom ah!  
In my life

Should I drink up  
Smoke up  
I need some  
freedom  
Freedom

Show me a little attention  
a little attention  
Show me attention  
Show me a little attention yeah  
Show me a little attention

little love and some affection on the side  
little trust and some passion would be nice  
Its all I desire  
I need it I cannot deny

Oh a  
I don't see something  
For my eyes only  
Ain't no emoji  
Can't tell how I feel  
Ah  
Ain't no emoji  
For my eyes only

Show me a little attention  
a little attention  
Show me attention  
Show me a little attention yeah  
Show me a little attention

Lately I've been losing my mind  
Searching things I can't find  
In the Middle of the night  
I'm still up I'm still trying to decide

Should I drink up  
Smoke up  
I need some  
freedom  
Freedom ah!  
In my life

Should I drink up  
Smoke up  
I need some  
freedom  
Freedom

Show me a little attention  
a little attention

Show me attention  
Show me a little attention yeah  
Show me a little attention
