

Justin Bieber, Beautiful Love (Free Fire)

More than often
We don't take advantage of the beauty all around us (all around us)
Oh, more than often
We take each other's time for granted
'Cause we're always around us, oh, yeah

Like the blue skies
We don't appreciate the Sun until it rains (oh, we never do)
Try to see it like a child
Oh, the innocence in everything we do

A beautiful, beautiful love, love, love
That's who you are
What a beautiful, beautiful love, love, love
That's who you are

Everyday we wake up it's a blessing, yeah
Consider everything we do
A new beginning
A chance to start over
And Lord knows we ain't perfect
That's far from our usual
The journey is more than worth it
I hope this feeling's mutual

What a beautiful, beautiful love, love, love
That's who you are
What a beautiful, beautiful love, love, love
That's who you are, yeah

Your heart is great, yeah
My heart is yours
Wouldn't have it any other way
It's what we're made for

What a beautiful, beautiful love, love, love
That's what we are
Beautiful love, that's what we are

Like the blue skies
We don't appreciate the Sun until it rains (oh, we never do)
Try to see it like a child
Oh, the innocence in everything we do

What a beautiful, beautiful love, love, love
That's who you are
What a beautiful, beautiful love, love, love
That's who you are, yeah

Your heart is great, yeah
My heart is yours
Wouldn't have it any other way
It's what we're made for

What a beautiful, beautiful love, love, love
That's what we are
Beautiful love, that's what we are, yeah

Hey, hey, hey hey hey
A beautiful, beautiful love
It's who you are, hey, whoa
