

Justin Bieber, Heartache

speak:

What? Wait? But yesterday we were....

I dont understand

(Verse 1)

We started out, it was perfect nothing but fun

and my heart was convinced to say that ur the one

And I thought it would last for the rest of our lives

Boy was I in for a big surprise

With no doubt

Walking out thinking that im so cool

Cause same place, same time everyday

My locker we meet afterschool

If only I didnt make you cry

She wouldnt be with another guy

(Chorus)

Nothing can cure my headache

Cause im experiencing what they call heartbreak

Its gonna hurt worse, as long as I stay here

I know but man just let me lay here

Cause this is something that, I cant shake

I must be experiencing what they call heartbreak

They say its only just as worse as you make it

I know but man just let me lay here

(Verse 2)

Now im all tore up, taken back, when I was at your door

The first time when you said forever i'll be yours

Started walking, your hand in my hand

Feelings got stronger, u made a promise

And whenever I leave it feels like your still with me

But it all came crashing down

Sitting in my room, I gotta get outta here

What am I to do, when i look up and your not there

(Chorus)

Nothing can cure my headache

Cause im experiencing what they call heartbreak

Its gonna hurt worse, as long as I stay here (stay here)

I know but man just let me lay here

Cause this is something that, I cant shake

I must be experiencing what they call heartbreak

They say its only just as worse as you make it

I know but man just let me lay here

They say im too young for love,

I got so much life to live ahead

But if only this hump I could get over

I know I have to deal with the pain

Nothing can cure my headache

Cause im experiencing what they call heartbreak

Its gonna hurt worse, as long as I stay here (as long as i stay here)

I know but man just let me lay here

Cause this is something that, I cant shake

I must be experiencing what they call heartbreak

They say its only just as worse as you make it

I know but man just let me lay here
