## Justin Bieber, Off My Face

One touch and you got me stoned
Higher than i've ever known
You call the shots and i follow
Sun rise but nights still young
No words, but we speak in tongues
If you let me, i might say too much
Your touch blurred my vision Ut's your wirld, and i am just in it Even sober i am not thinking straight

Cause i am off my face
In love with you
I am out my head
So into and i don;t know how you do it
But i am forever ruined by you
Can;t sleep cause i am way too buzzed
Too late, now you're in my blood
I don't hate the way you keep me up
Your touch blurred my vision
Ut's your wirld, and i am just in it Even sober i am not thinking straight

Cause i am off my face
In love with you
I am out my head
So into and i don;t know how you do it
But i am forever ruined by you
