

# Justin Bieber, Recovery

First I'll acknowledge  
All trust has been broken  
A successful recovery  
I pray for us at night

Grants me with a second chance  
Never thought I'd see your face again  
Learning life through trial and error  
Just tryna make it right

Make it right (x3)  
This time I'll do you right

Missing your good intentions  
Missing you from a distance  
Hope you did the same

I know that I caused a problem  
Know that I left you livid  
Pushed you far away

Learned it don't pay to lie  
Cause I don't wanna see you cry  
Saying nothing gets you nowhere fast  
I'ma hold it back inside

But now that I'm back around you  
Nothing else really matters  
Hope you feel the same

First, I'll acknowledge  
All trust has been broken  
A successful recovery  
I pray for us at night

Grants me with a second chance  
Never thought I'd see your face again  
Learning life through trial and error  
Just tryna make it right

Make it Right (x3)  
This time I'll do you right

I'm going through all the motions  
Trying to find a reason  
That we ended that way

Nothing in life is perfect  
We'll be changing like the seasons  
That's what they used to say

If it's going to sleep alone at night  
I don't wanna close my eyes  
Wanna give you all I have to give  
No holding back this time

Now that I'm back around you,  
Nothing around me matters  
Hope you feel the same

First, I'll acknowledge  
All trust has been broken  
A successful recovery  
I pray for us at night

Grants me with a second chance  
Never thought I'd see your face again  
Learning life through trial and error  
And tryna make it right

Make it right (make it right, make it right) (x3)  
This time I'll do you right

You know I'ma do you right (x4)  
I'ma do you right  
You know I'ma do you right
