

Justin Bieber, There She Go (ft. Lil Uzi Vert)

Yeah, that's my baby right there
There she go
Dirt dancin', both hands in the air
There she go
Make you stutter
Make you stop and stare
There she go

Hey mami, taht;s my baby
That's my bestfriend
I hear you callin
See you ringin form your left hand
Lock in down when you want it
When we slow dance
You can break it down
You don't need a pole
I am so proud of you
I but you down in rose gold
Don't be ashamed, girl
I messed around
You messed up too
It all changed when you took my name
And went insane
