

# Justin Bieber, Up

It's a big big world  
It's easy to get lost in it  
You've always been my girl, oh  
And I'm not ready to call it quits

We can make the sun shine in the moon light  
We can make the grey clouds turn to blue skies  
I know it's hard  
Baby, believe me

That we can't go nowhere but up  
From here, my dear  
Baby, we can't go nowhere but up  
Tell me what we've got to fear  
We'll take it to the sky past the moon to the galaxy  
As long as you're with me, baby  
Honestly (honestly) with the strength of our love  
We can't go nowhere but up

It's a big big world  
And I'm gonna show you all of it  
I'm gonna lace you with pearls, oh  
From every ocean that we're swimmin' in

We can make the sun shine in the moon light  
We can make the grey clouds turn to blue skies  
Yeah, I know it's hard  
Baby, believe me, ooh

That we can't go nowhere but up  
From here, my dear  
Baby, we can't go nowhere but up  
Tell me what we've got to fear  
We'll take it to the sky past the moon to the galaxy  
As long as you're with me, baby  
Honestly (honestly) with the strength of our love  
We can't go nowhere but up

Nowhere but up

Baby, we were underground  
We're on the surface now  
We're gonna make it girl  
I promise  
If you believe in love  
And you believe in us  
We can't go nowhere but up

We can't go nowhere but up  
From here, my dear  
Baby, we can't go nowhere but up  
Tell me what we've got to fear  
We'll take it to the sky past the moon to the galaxy  
As long as you're with me, baby  
Honestly, honestly with the strength of our love  
We can't go nowhere but up

Nowhere but up  
Nowhere but up  
Yeah  
Nowhere but up
