

# Justin Guarini, If You Wanna

Its not what you do  
Its what you say  
I heard things about you  
Around the way  
I dont know if it's true  
I'm just saying  
Words have a strange way of hurting you

But I've been  
Thinking, hoping, wishing  
I could put my trust in you  
Everyone's tryin to make it hard to do  
and I  
Want to beleive you when you say  
They got it in for you  
Tell me what to do cuz

--Chorus--

I dont know  
If ya wanna, if ya wanna be with me  
Baby all i need  
(if ya wanna be with me is)  
Honesty  
No more lies  
If ya wanna be with me  
Next time  
Please think twice  
(wanna wanna)  
If ya wanna be with me  
ya ya  
--

When I hold you tight  
through the night  
You feel so good inside  
Still something just aint right  
my boys dare telling me  
You got another life  
One that you keep from me  
And that aint right

Love my time  
It's in my eyes  
I'm all about ya babe  
I'm all about ya babe  
And if you  
Can't say no  
(sex too)  
I can  
I can do without ya babe  
I'll find another lady

--Chorus--

I dont know  
If ya wanna, (wanna)  
If ya wanna be with me  
Baby all i need  
All i need  
Honesty  
No more lies (no more lies)  
If ya wanna be with me  
Next time  
Please think twice  
(wanna wanna)

If ya wanna be with me  
Ya ya  
-=-

I can see ya  
Lying (lying)  
To my face babe  
Baby I been trying (trying)  
To understand (to understand)  
Whats really going on  
Baby girl just make up your mind

-=-Chorus=-

I dont know  
If ya wanna, if ya wanna be with me  
(I dont know what ya want from me)  
All i need  
Da da dada da  
Honesty  
Baby no more lies  
If ya wanna,  
(If you just see you will run)  
if ya wanna be with me  
Next time  
Please think twice  
I pray to god i gave you my life  
I dont know (yaaa)  
if ya wanna, if ya wanna be with me

All i need
